Mayor's Budget Message

May 4, 2017

Honorable Members of the Nibley City Council and Citizens of Nibley,

I am pleased to present the Nibley City Budget for Fiscal Year 2017-18. I would like to thank all those who have helped to prepare and manage the City's budget. Staff and I understand that our fiduciary responsibility to our residents is among our most sacred duties as public servants. We maintain our conservative approach to funding City operations; we conservatively project revenues and do our best to maximize the use of existing resources to maintain or increase levels of service.

Nibley is in a strong financial position. We continue to show progress toward meeting departmental and Citywide goals and initiatives. Unanticipated heavy snow and rain this winter has impacted our ability to focus on specific planned and funded projects, but the budget shows those items as continuing through 2018. Our budget growth is stable, remaining at approximately \$7 million for all funds combined. Our tax rate proposal is to continue our practice of maintaining the rate at 0.001667, the rate that has historically proven appropriate for sustainably funding City needs.

Attached you will find:

- 1) Highlights of this year's budget proposal
- 2) A flow chart detailing Nibley City's financial oversight and the roles members of the financial team play in carrying out both budget management and the day-to-day financial operations of the City
- 3) The budget proper.

I am excited about the future and the opportunities that exist for Nibley City moving forward. I am grateful to the Council, the Planning Commission, and all those who serve for their vision and their dedication to efficient stewardship and I pledge to continue working to make Nibley the best city for our families.

Respectfully submitted,

Shaun Dustin
Mayor

Budget Highlights

Conservative Revenue Growth

General Fund revenues in FY 17-18 are expected to remain overall stable. This budget estimates an increase in the number of building permits due to several subdivision projects being proposed in the past year. The subdivisions currently under construction would add approximately 112 new building lots to the City.

Nibley has continued to add new real estate value; 63 new home building permits were issued in calendar year 2016. The City also issued 147 total building permits over the 12 month period from April 2016 through March 2017, of which 56 were new homes. Budget category values related to home building in the FY 17-18 budget projections are based on an estimated 50 homes being built in the next fiscal year. Assessed home values have gone up almost 9 percent over the past year.

Sales tax revenue is expected to continue to grow as Nibley's and Utah's economies and populations grow.

Revenues from court fines and franchise fees are projected to remain stable.

Tax Levels and Assessing Fair and Reasonable Fees

The FY 17-18 budget proposes to keep property tax at the same rate as last year. The City's property tax policy is to annually adjust the property tax rate certified by the County to the historic rate of 0.001667, the rate that allows the City to maintain services at the current level. Due to growth in real estate value, it is anticipated that the County will certify a lower rate than Nibley's current property tax rate. Therefore, if Nibley maintains the same rate, state law considers that to be a tax increase, which will require the City to hold a Truth in Taxation hearing in August.

Water charges are expected to be changed this year due to a new state law that requires cities to have a graduated rate structure that charges a higher rate as water users use more water. Currently users pay the same rate whether they use a small amount of water or large volumes of water.

The sewer revenue amount in this budget does not reflect a rate increase for Nibley utility users at this time. However, such an increase is being considered in the next fiscal year because Logan City has increased the sewer treatment fee by 10%, which begins July 1, 2017. A revenue increase will result if Nibley also adopts an increase in the sewer rate. The increased rate being charged by Logan City increases by 10% each July 1st, beginning in 2017 and continuing through 2021. The sewer fee Nibley City charges residents is currently \$42 per month. Approximately \$12 of this fee is paid to Logan City for treatment. The fee paid to Logan City is increasing due to the cost of constructing a new treatment facility. The remainder of the fee Nibley charges is used for department operations and debt service on the loan that was taken out to construct the original sewer system. Zion's Bank is in the process of completing a sewer rate study and will propose a sewer rate based on the study's findings.

There is a proposed 25 cent per month per residence increase in the residential stormwater fee. This will set the residential stormwater rate at \$7.00 per month. Commercial rates are set by a formula that uses the residential rate as a basis. This increase is part of an incremental fee adjustment recommended in the City's 2013 Capital Facilities Finance Plan prepared by Zion's Bank. The increase was deemed necessary based on infrastructure and compliance requirements placed upon Nibley City by federal and state stormwater rules.

Grant Revenue

Last year, the City applied for and was awarded \$100,000 in Recreation Arts Parks and Zoo (RAPZ) grant funding to start planning and developing the 20 acres the city recently purchased west of Virgil Gibbons Heritage Park, which is proposed to be called Firefly Park. This year, Nibley applied for and was awarded an additional \$215,000 in RAPZ Grant funding for Firefly Park, for a total of \$315,000. The City must match these grant with \$315,000 from the Park Impact Fee Fund. These funds should complete the first phase of development at Firefly Park. An additional \$40,000 in RAPZ Grant funds were also awarded to construct a tennis court at Heritage Park. It is being proposed in the Park Master Plan update to move that project to Anhder Park. That project will be matched with \$100,000 in Park Impact Fee funds.

Maintaining Core Services

As a community, Nibley continues to place the highest of priorities on funding core municipal services to residents. As a result, please note that the FY 17-18 budget reflects the funding of programs and resources across all operating departments that will allow the City to increase or maintain levels of service.

Some key infrastructure projects for the City include:

- Street maintenance at approximately \$270,000 per year to preserve infrastructure quality
- An update to the Transportation Master Plan
- Completing upgrades to the historic city hall building at Anhder Park
- Construction of Firefly Park
- Construction of tennis courts at Anhder Park
- Construction of a Veteran's Memorial Park next to city hall
- Construction of a splash pad at Elkhorn Park
- Construction of missing links in the City's sidewalk network
 - (Finishing sidewalks at Discovery Park)
- Funds to purchase right-of-way for future trails
- Completion of the trail between the Blacksmith Fork River and the new Ridgeline High School
- Continuing to clean and inspect several sections of the Stormwater and Sewer systems
- Completion of the new well at the Regional Park on 640 West that will have the capability of producing 3300 gallons per minute of high-quality drinking water.
- A review of surface water rights and shares
- Repairing crumbling stonework at City Hall

Some planned equipment purchases include:

- | | |
|---|--|
| <ul style="list-style-type: none">• <u>A Vac-Truck to assist in maintaining the sewer and storm water system</u>• <u>Replacing street sweeper</u>• <u>A new mower and a sidewalk snowblower</u> | <ul style="list-style-type: none">• Replacing backhoes in streets and sewer departments• Replacing the Front-end loader• Replacing a Sewer Truck |

Quality of Life

Community Development and Recreation: Nibley City hired a full-time Recreation Director in October of 2015. His duties include coordinating sports and recreation programs, pursuing funding opportunities for City recreation, organizing and supporting cultural events and other community development programs. He has started new fitness classes, a Spring Festival, SUPER STArT soccer and T-Ball, and is planning future recreation programs, such as Ultimate Frisbee, summer camp, clinics and tournaments, and fitness and family programs such as a fall fun run, fitness classes, a daddy daughter dance and more. The City will also continue to provide many of the successful programs offered in years past, such as Heritage Days, the BOOnanza, baseball, softball and more.

Planning: Nibley City hired a new Planner in November 2016. The planning department has been busy handling approximately half-a-dozen subdivision applications in recent months, along with updating more than half-a-dozen ordinances and updating the parks and trails master plan. The City Council has made it a practice to set aside funds on an annual basis for planning. Nibley City is finalizing an update to the City’s park and trail master plan. This budget provides funds to update the transportation plan and to update the City’s development codes. This is particularly important in light of continued rapid growth.

Nibley also feels an urgency to better understand our rights and responsibilities related to surface water in Nibley. The City uses canals for recreation, irrigation and stormwater, but ownership of the canals, rights of ways, and irrigation companies is unclear how much the City owns, where they are, or what the City is going to do to manage them as a resource. The City needs to review its assets, and organize its documentation so that in 2018 the City can begin to plan for the future with a solid understanding.

Budget Documentation

Nibley City staff members continue to revise and improve the structure of this budget document in order to make it more easily understandable and compliant with the standard recommended by the Government Finance Officers Association. This has included consolidating the following accounts in order to simplify the document:

- Training & Travel accounts into a combined Education & Training and Travel account
- One consolidated Office Supplies budget for all Public Works departments
- One consolidated Uniforms budget for all Public Works departments
- Consolidating IT, Computer Upgrades, & Web Admin & Design into one IT account
- Consolidating the Telephone account into Employee Benefits

Qualified and Motivated Workforce

The ability to provide quality services to Nibley residents is made possible by the City’s qualified and motivated workforce. It is Nibley’s policy to continue to invest in training and education in order to continue to maintain that standard of quality.

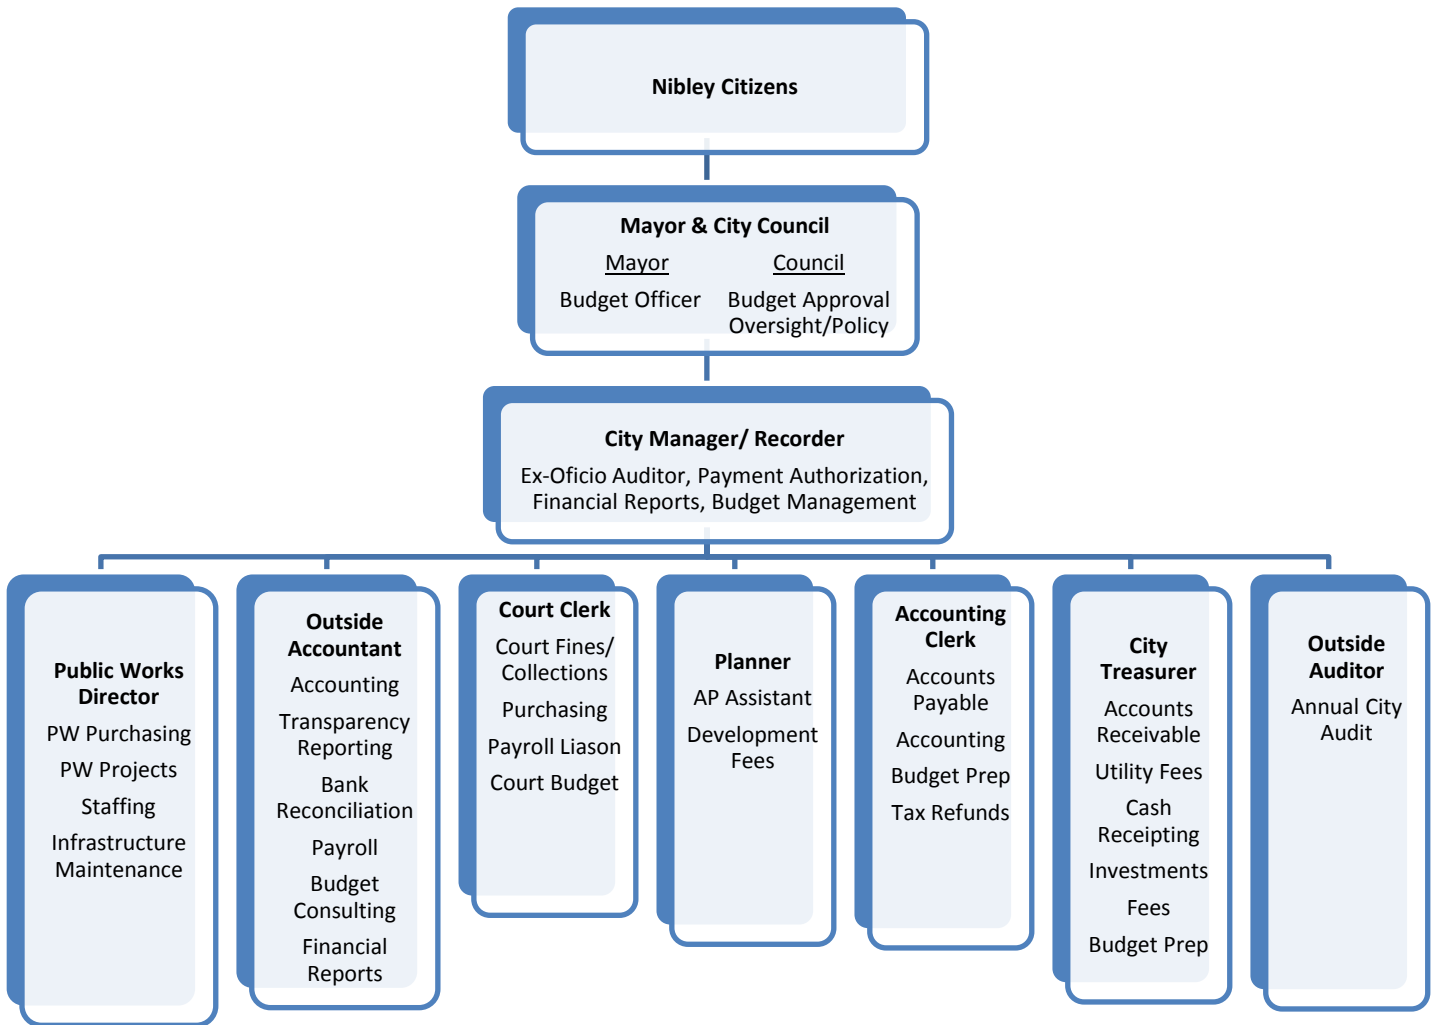

It has been the City’s practice to adjust the employee pay scale by 2% annually as a cost of living adjustment. Some Nibley City employees also receive merit pay adjustments until they reach the top of their particular pay grade. The FY 17-18 budget includes the usual COLA of 2% for employees and elected officials and accounts for increases in benefit payment amounts, including retirement contributions.

Proposed Timeline for future meetings and approval

Should Nibley City find a need to make an amendment to the budget subsequent to its adoption, a public hearing is held prior to adopting changes. Other less-significant budget amendments are made at year-end, as part of the process of adopting an amended fiscal year budget.

Fiscal Policies

Nibley City examines statistical and demographic information as part of the fiscal decision-making process. Nibley City has grown from a population of 2,040 in the 2000 Census to approximately 6,700. More than 40% of the City's population is under the age of 18, with the majority of that being residents under the age of 12.

The City currently employs 14 full-time employees, 14 part-time employees, 6 seasonal employees, 8 volunteer first responders, and has multiple contracted positions, including the Attorney, Engineer, Auditor, Accountant, Payroll Clerk, Commercial Building Inspector, Prosecutor, Defense Attorneys, Bailiff, Interpreter, Fire Department, Police and Animal Control services.

Nibley City uses the modified-accrual basis for all budgeted funds, which is also used in preparation of the City's annual financial reports. Modified accrual is a governmental account method whereby monies are accounted for when they become measurable and available, which typically occurs when the City is invoiced for the payment. Budgets are subject to ongoing review by City staff; the Nibley City Council and public are provided with monthly financial statements to keep them updated on the status of each budget department.

Revenue projections are made by analyzing the City's population and expenditure growth and projecting the upcoming year's growth based on those trends. Expenditures are, to the extent possible, anticipated and projected in the preparation of each department's budget, and most capital expenditures are accounted for in the preparation of a Capital Improvements Plan.

In compliance with the requirements of the laws of the State of Utah, Nibley City staff works together to present a balanced budget to the City Council for adoption. In order to meet the balanced budget

requirements, one of the following must occur: revenues exceed expenditures, revenues equal expenditures, or revenue and any appropriated fund balances equal expenditures.

In preparing and executing each fiscal year’s adopted budget, Nibley City adheres to the following principles:

1. Nibley City will practice fiscal conservatism.
2. Nibley City will focus on holistic budget issues and not dedicate unreasonable effort to a single project or item.
3. Nibley City will take responsible steps to pay off the City’s debts in a timely manner.
4. Nibley City will make contributions to the City’s long-term savings, so that the City will be adequately prepared in the event of a fiscal crisis.
5. Nibley City will keep its residents, City Council and staff apprised of budgetary decisions, so that those decisions can be made in a transparent manner.
6. Nibley City recognizes that, from time to time, it may be necessary to update these principles in order to reflect changes in fiscal planning practices.

Debt Limit

Nibley City does not yet have the final tax valuation for the 2017 tax year, so the 2016 valuation will be used to compute Nibley’s legal debt margin.

Estimated Market Value	\$246,336,510
Legal Debt Limit (4% of market value)	\$9,853,460
<u>Current Outstanding General Obligation Debt</u>	<u>\$0</u>
Legal Debt Margin	\$9,853,460

Nibley City currently has no general obligation debt. All Nibley City debts are incurred and paid through enterprise funds. Payment and payoff schedule for each of these can be found in the individual budget sections and are summarized below:

Revenue

Revenue

The Revenue section of the budget accounts for funds received by Nibley City as revenue from various sources, including taxes, fees for permits and license, grant funds etc.

Taxes

The Taxes portion of the Revenue section of the budget accounts for funds received by Nibley City in the form of tax revenue, including taxes on property, sales, utilities and vehicles.

From the table below, it is clear that Nibley's primary revenue sources are 1) Sales Tax from state sales tax redistribution, and 2) Property Taxes. Nibley's taxation policy should therefore support maintenance of current state sales tax law and supporting the management of staff and finances to maintain an attractive, quality community that is friendly to property owners and supportive of high property values.

10-31-110 Property Taxes – Property tax revenue is determined by multiplying the property tax rate by the value of property in the City. Property valuations are reviewed by the County annually and new valuations are released by the County each June. Based on the valuations determined by the County, the County adjusts the City’s tax rate to a level that, when multiplied against the new year’s property value, generates the same amount of dollars of revenue for the City as was determined the previous year. That rate is referred to as the Certified Rate. If property values go up, this would result in the certified tax rate going down. In order to allow the property tax revenue to grow with inflation and expansion, and to maintain sustainable and predicable service as the City grows, it is the City’s practice to adjust the City’s tax rate annually. This may be an increase or decrease depending on the state of the economy.

If the certified rate is raised or lowered by Cache County, a vote of the City Council is required to adjust the tax rate back to the historic level of 0.001667. The projected revenue for the next fiscal year, based on keeping the same rate of 0.001667, would be approximately \$430,000, based on current year property values.

The average home value in Nibley is \$232,000. This is up almost 9% from last year. Homeowners are taxed on 55% of the value on their primary residence. In order to adjust the rate up to the historical rate, the City is required to hold Truth in Taxation Hearing. This hearing is scheduled for on August 3, 2017.

10-31-120 Delinquent Property Taxes – These are property taxes that were not paid during the year they were due but were received this year.

10-31-130 Sales Tax – These are taxes that are collected from retail sales both in Nibley and throughout the state. Nibley City receives 50% of all sales taxes generated within Nibley City; the rest of the sales tax goes to the state’s population pot. This means that sales tax generated in Nibley accounts for 15% of the City’s total sales tax revenue, with 85% coming from statewide redistribution policy. Nibley City then receives taxes from the state’s population pot based on Nibley City’s total population. These taxes are collected each month and then distributed about 25 days after the last day of the month that the tax is due. The proposed revenue for next year is expected to increase based on continuing economic growth around the state.

\$365,317	\$408,293	\$492,604	\$530,416	\$572,917	\$621,517	\$666,805

10-31-140, 141,142, 143 Franchise Taxes – Revenue generated from taxes and fees paid by utility customers, as well as taxes collected by the utility companies that are operated in the city. Franchise fees are stable overall. Franchise agreements includes companies such as Rocky Mountain Power, Questar, Qwest, Centurylink, etc.

10-31-150 Vehicle Taxes – Revenue generated from the taxes the city receives from vehicle registrations of city residents’ vehicles. These taxes are collected and distributed by Cache County once each month.

10-32-210 Building Permits – Revenue generated from building permits. There were 63 new residential building permits issued in calendar year 2016. Over the past 12 months, there have been 147 total building permits, of which 56 were new home permits. The anticipated building permit revenue in the FY 17-18 budget is based on 50 new houses being constructed in the following year. This estimated number of building permits is also used to estimate impact fee revenue.

The building permit fee on a home averages more than \$1,500 per home. In addition to the budgeted revenue that would come from new home permits, additional revenue is anticipated for other permits as well, such as remodels, solar permits, and commercial permits.

The graph below shows the trend in building permits from FY14-15, FY15-16, and FY16-17, including the breakdown for the types of permits. As of March 31, 2017, the City had issued 56 new home permits in past 12 months.

BUILDING PERMITS

10-32-220 Business Licenses – Revenue generated from business license fees, which include: \$30 for a home-based business and \$150 for a commercial business. The City currently has 83 home-based businesses and 24 commercial businesses.

10-32-250 Dog Licenses – Revenue generated from dog license fees , which include: \$15 for spayed/neutered dogs or \$25 for unaltered dogs. Revenue is used to pay for animal control services provided by the Sheriff’s office. See expenditure account 10-54-360 for reference.

Intergovernmental Revenue

The Intergovernmental Revenue portion of the Revenue section of the budget accounts for funds received by Nibley City from other government agencies, which often include grant funds.

10-33-322 Children’s Theatre Grants – Revenue generated from anticipated grants including: a \$1,000 RAPZ grant, a \$2000 Rocky Mountain Power Grant and a \$500 Utah Arts Council Grant.

10-33-323 Grant EDCU – Revenue generated from the Economic Development Corporation of Utah for economic development training. The grant anticipated awarded for this year is \$600.

10-33-810 - Public Safety Grant – Revenue generated from a grant that helps to cover the costs for staff to perform emergency management and preparedness functions. The City anticipates applying for this grant for the first time this year.

Charges for Services

The Charges for Services portion of the Revenue section of the budget accounts for funds received by Nibley City as charges for services provided by the City.

10-34-410 Communications Center-Dispatch – Revenue generated from a \$3 per residence and business per month charge to pay for the countywide dispatch center. This charge is passed on to residents through expense account 10-54-440. The \$2 dispatch center fee provides funds to support the Countywide 911 Emergency Dispatch Center and the \$1 Radio Fee provides funds to support the radio and antenna infrastructure around the county that is used by public safety agencies.

10-34-420 Planning Review Fees - Revenue generated for application fees, such as for submission of a final plat, to pay for items reviewed by the Planning Commission. This account is also used to account for the \$75 fee for a land use appeal hearing. Those hearings typically only occurs a couple of times per year. The cost for the hearing officer is \$150 for a hearing. Staff anticipates recommending increasing the fee to cover at least the cost of the hearing officer, if not also the cost for staff to prepare for and attend the hearing. The appeal fee was last increased in early 2009.

10-34-422 Development Fees Reimbursement – Revenue generated from developers who reimburse the City for fees the City incurs for services used in reviewing proposed developments, such as engineering and legal reviews.

10-34-430 Refuse Collection Service Fees –Revenue generated from fees paid by residents for garbage, recycling and green waste collection services. Revenue is passed through to Logan City through expenditure account 10-62-320. The City charges an extra 25 cents for an administrative fee in addition to what Logan charges for the services. Logan City has not increased the amount it charges for this service since 2006.

10-34-431 Community Center Rental Fees - Revenue generated from Community Center/Council Chambers rentals. Community Rental Fees are: Resident Small Gathering \$50, Resident Large Gathering \$150, Non-Resident Small Gathering \$100, Non-Resident Large Gathering \$300.

10-34-681 Variance Request – This account has been combined with Planning Review Fees account 10-34-420.

Streets Department

Streets Department

“Roads? Where we’re going, we don’t need roads.” -Back to the Future

Yes, we do need roads! And the Nibley City Streets Department has been hard at work this year helping to maintain the high standard of streets our residents have come to expect.

MAINTENANCE

2016-17 saw the dedicated employees in the Nibley Streets Department accomplish the following maintenance projects:

- Preservation treatment applied to 1,033,413 sq. ft. of roads
- Crack sealed roads in preparation for preservation treatments
- Swept all streets in Nibley
- Replaced damaged sidewalks in multiple areas
- Replaced damaged curbs in various areas

CONSTRUCTION

The final months of 2016-17 and the year 2017-18 will see the department construct these projects:

- Construct 1,100 ft. of sidewalk on 250 west to connect incomplete sidewalk segments
- Sewer manholes and water valves where treatment is being applied will have concrete collars poured around them - approximately 74 sewer manholes and 54 water valves
- Spray weeds and crack seal in preparation for asphalt treatment to be applied
- Apply asphalt preservation treatment to approximately 1,100,000 sf of roads:
 - 3200 South
 - 2600 South from 800 west to the Blacksmith Fork bridge
 - Hollow Road
 - 1000 West from 3200 south to 2450 South
 - 640 West from 3200 South to Scott Farm
- Overlay from 600 west 2965 south to 450 west and 2850 south in Elk Horn, including 515 West
- Elk Horn cul-de-sacs will be skim patched and have an overlay placed on them to help drainage
- Repaint striping on 3200 South from SR165 to the western city boundary
- Repaint RiverHawk Lane and the west side of the intersection of SR165 on 2600 South
- Repaint all crosswalks throughout Nibley
- Replace ADA intersection ramps that are not compliant with federal regulations
- Construct missing links in the sidewalk network. Completing sidewalks at Discovery Park is planned for this year.

Planning & Building Department

Planning & Building

One of the most notable accomplishments of the Planning Department in 2016-2017 was the completion of the Trails, Parks, Recreation and Open Space Master Plan. This new master plan will guide the City's efforts in establishing parks, trails, open space and recreation programs over the next decade. The Planning Department has also reviewed multiple subdivision applications, commercial and industrial developments, fence permits, accessory building permits, and conditional use permits during 2016-17 fiscal year. Between June 1, 2016 and April 30, 2017, the Planning and Building Department has helped write and review twelve new ordinances.

Nibley has continued to add new real estate value; 63 new home building permits were issued in calendar year 2016. The City also issued 147 total building permits over the 12 month period from April 2016 through March 2017.

2017-18 Department Goals/Projects

- Update Transportation Master Plan
- Building Inspector to obtain commercial inspection certification

10-70-110 Salaries – Funds allocated for wages for the Park Superintendent and two full-time employees. A 2% COLA is being proposed for employees.

10-70-115 Seasonal Salaries & Wages – Funds allocated for wages of four seasonal employees, four months of the year working full-time and four months of the year as part-time.

10-70-130 Employee Benefits – Funds allocated are based on premium/contribution changes and increases related to salary changes. Funds include costs for Medicare, Social Security, the Utah Retirement System, and telephone/data allowances.

10-70-230 Education, Training, & Travel – Funds allocated for hotel costs, mileage, and per diem. Funds also included for registration fees for conferences and continuing education, as well as for license and certification fees.

10-70-240 Office supplies – This account has been moved to Public Works, Office Supplies account 10-48-240.

10-70-247 Uniforms – This account has been moved to Public Works, Uniforms account 10-50-247.

10-70-250 Equipment/Maintenance – Funds allocated for non-vehicular equipment and facilities maintenance which include: mowers, blowers, trimmers, fertilizer, paint, sprinkler repair, hand tools, etc.

10-70-270 Utilities – Funds allocated for park facility utilities – electricity, water.

10-70-280 Telephone – This account has been combined with the Employee Benefits account 10-70-130.

10-70-330 Education & Training – This account has been combined with the Education, Training & Travel account 10-70-230.

10-70-415 Ballfield Sponsorships – Moved to Recreation Department 10-45-415.

10-70-420 Trees – Funds allocated to cover Tree City USA re-certification requirements. Nibley is required to spend \$2/person on trees and tree-related expenses, which would be approximately \$12,000, based on the city's population of about 6,000. The City anticipates spending half of that cost (\$6,000) on trees and the rest will be met with labor costs.

10-70-690 Veterans Memorial Park – This account has been moved to Parks Impact Fee account 56-40-753.

10-70-695 Morgan Farm – Funds in FY 16-17 were largely unused in anticipation of the high cost to install a power service at the farm. Electricity up to this point has been obtained from the neighboring property. However, that previous owner, who allowed the City to use power from his home for the farm, no longer owns the property. The estimate from Rocky Mountain Power to install a meter and power service is \$13,000.00. See 56-40-757.

10-70-740 Capital Outlay - Equipment – This account is not being funded this year.

Community Development and Recreation Department

COMMUNITY DEVELOPMENT AND RECREATION

The objectives of the recreation department are to, first, build a community connection, and second to support citizens in living a healthy lifestyle. Meeting both of these objectives results in a higher quality of life for Nibley residents. This is accomplished by providing special events, organized sports leagues, and clinics, wellness programs and education, and cultural activities.

Nibley's Recreation Director has supported, improved, and or expanded existing events and programs including the BOOnanza, Holiday Open House, Live Nativity, Movies in the Park, the Egg Run and children's Hopstake courses, Heritage Days, youth baseball, softball, and T-ball. The New innovative 2016 programs including the SUPER STARt T-ball and Soccer program for 3 & 4 year olds continue to expand along with the new Nibley Fit group fitness classes. Other new events and programs include a Pay it Forward campaign, Snowman Building Contest, Holiday Decorating Contest, Scarecrow Fun Run, a Daddy Daughter Dance, Adult Drop in Soccer, NFL Punt, Pass, and Kick Tournament, and a Nordic Track at Heritage Park.

Data recently collected through the *Imagine Nibley* campaign, along with an update to the Parks and Trails plan, with the addition of a Recreation Master Plan, have confirmed department priorities based on Citizen and City Council input. The department will incrementally adjust events and programs to match the interest of Nibley Citizens based on the available resources provided through the department budget.

The increases in the budget for this year support the new events and programs that are now offered. The new programs and events are either executed with little or no costs or generate revenue to help support the activity. The overall expenses for this department have increased when compared to the amount budgeted last year, or the previous year; however, known revenue generated from programs and events offered last budget year and the anticipated revenue expected this budget year will help offset the additional costs. This will be accomplished in part through cost effective events, revenue generating programs, and revenue generating capital projects including continued improvements of the historic city hall at Anhder Park that will offer the community additional rental space.

As participation numbers continue to be collected over the years, along with revenue and expense numbers, the department anticipates greater predictability in budgeting forecasts through experience.

Expenditure Accounts:

11-40-650 Class “C” Road Projects – Funds allocated for maintenance of City roads. The City uses a sole-source contractor to perform asphalt treatments, Holbrook Asphalt, because this is the only company in the region that has demonstrated the ability to meet the American Public Works Association specification for High-Density Mineral Bond treatments.

Street maintenance plans for this year include the following:

- Apply asphalt preservation treatment to approximately 1,100,000 sf of roads:
 - 3200 South
 - 2600 S from 800 W to the bridge
 - Hollow Road
- 1000 West from 3200 south to 2450 South
- 660 West from 3200 South to Scott Farm
- Asphalt overlay from 600 West 2965 South to 450 West and 2850 South, including 515 West
- Elk Horn cul-de-sacs will be skim patched and have an overlay on them to help drainage.

11-40-737 Master Plans – Funds allocated to update and maintain the master plans for the City. This year, the City plans to update the transportation master plan, which was last updated in 2011.

Municipal Building Authority

The Municipal Building Authority is a component unit of the City established to finance the construction of the new city hall in 2011. The original loan was \$850,000 from MBA Federally Taxable Lease Revenue Bonds. The bonds are paid with annual lease proceeds paid out of General Fund expenditure account 10-50-511. The bonds must be repaid by September 15, 2041 and bear an interest rate of 4%. There is still approximately \$750,000 owing on the bonds.

NIBLEY-MILLVILLE FIRST RESPONDERS

The Nibley First Responders are a volunteer group of emergency medical technicians who respond to emergencies in Nibley and Millville. There are currently eight members on the squad. They responded to 144 calls last year and the members attended approximately 68 hours of Continuing Medical Education. The unit covered 6,138 hours of on-call medical coverage in 2016 with call volume growing 5% from 2015 to 2016. Another 42 hours of classroom and hands-on training was provided by the First Responders to Scout Groups and Church organizations throughout the year. The expenses for the unit are split between Millville and Nibley based on population.

First Responder Revenue Accounts:

24-36-321 Cache County Grants – Funds allocated from county grants, as anticipated the First Responders will not be receiving any moneys from this county grant this year.

24-36-322 State Grants – Funds allocated from state grants, as anticipated the First Responders will not be receiving any moneys from this State grant this year.

24-36-601 Nibley Contribution/24-36-602 Millville Contribution – Funds allocated by calculating the total costs and then multiplying that number by 76.02% for Nibley and 23.98% for Millville, which are the population ratios for the cities. The Millville amount is then charged to that city.

First Responder Expenditure Accounts:

24-40-110 Stipend – Funds allocated for paying a stipend to the volunteers to defray costs they incur.

24-40-230 Education, Training, & Travel – Funds allocated for hotel costs, mileage, and per diem. Funds are also included for registration fees for conferences and continuing education, as well as for license and certification fees.

24-40-244 Equipment Supplies & Maint. – Funds allocated for medical supplies, office supplies, and equipment.

24-40-247 Uniforms – Funds allocated to for hats, jackets, shirts etc.

24-40-251 Vehicle Repair – Funds allocated for first responder vehicle repair.

24-40-253 Vehicle Fuel – Funds allocated for first responder vehicle fuel.

24-40-510 Insurance – Funds allocated for insurance for the ambulance.

Capital Projects

Capital Projects

This fund is used to account for construction or large equipment projects that are primarily related to the General Fund. This fund receives revenue from transfers from the General Fund.

Capital Project Revenue Accounts:

45-38-612 Park Reimbursement From County – This account reflects funds expected to be received from Cache County as reimbursement for the purchase of the 20-acre Heritage Park expansion. No funds are showing in the budget this year as it is not expected to be reimbursed this year. The amount expected to be eventually received is more than \$400,000.

45-38-612 Reimbursement From Water Fund – PW Paving – This account reflects funds expected to be received from the Water Department as reimbursement for the Water Department’s share of the public works parking lot project. The reimbursement amount will be \$31,250 and will be paid in a future budget year. See 45-40-735 in the FY16-17 Budget.

45-38-700 Transfer from General Fund – Revenue transferred from the General Fund as surplus and placed into the CPF for use on various projects.

45-38-710 Sale of Surplus Land – Revenue generated from the sale of surplus park property. Proposed for sale this year are the two lots on 800 West just south of Nibley Park Ave.

45-38-720 Grant – RAPZ – In 2014, the City was granted \$40,000 to build tennis court at Heritage Park. The courts are now being proposed for Anhder Park based on the recommendation of the park master plan update. The City requested \$100,000 in RAPZ funds in 2016 to begin work on Firefly Park. The City applied for another \$215,000 in RAPZ funds this year to continue work on Firefly Park project.

45-38-722 Splash Pad - This account reflects funds received from as a grant from Wells Fargo in FY 16-17 to be used toward the splash pad. See 45-40-740.

45-38-725 Grant – CCOG – Over the past few years, the city applied for and was awarded two grants from the Cache County Council of Governments (CCCOG), including \$186,000 to redesign the 3200 S/SR165 Intersection, and \$200,000 for the 2600S/SR165 intersection project. The 2600 S project is complete and the 3200 S project funds have been nearly all expended. See **45-40-731 Major Road Projects** for more info.

45-38-730 Grants – Revenue generated from various grants. There are no funds anticipated in the category this year.

45-38-910 Appropriate Fund Balance – Revenue allocated from funds that would be appropriated out of the existing CPF fund balance to be used in the current budget year.

45-40-706 Tennis Court – Funds allocated for tennis courts to be constructed at Anhder Park as proposed in the Parks Master Plan update. The amount reflected here is \$40,000 the city was granted in FY14-15 RAPZ allocations. The additional funds to complete the project are included in the Park Impact Fee Fund, 56-40-752.

45-40-707 Firefly Park – Funds allocated to begin construction based on the plans developed as part of the park master plan update. The amount reflected here is \$100,000 the city was granted in FY16-17 RAPZ

allocations and \$215,000 in FY17-18 RAPZ allocations. The additional matching funds to complete the project are included in the Park Impact Fee Fund, 56-40-751.

45-40-708 Veterans Memorial Park – Funds allocated to convert the former recycle site next to City Hall into a veteran’s memorial park. Funds would be used to landscape the space. This project is being proposed to be funded with Park Impact Fees instead of Capital Projects funds. See 56-40-753.

45-40-731 Major Road Projects – Funds were allocated in this account in FY2016-17 to contract for the design of the Highway 165/3200 South realignment project, which has been funded by a \$186,000 CCCOG grant. The City spent approximately \$17,000 of these funds in the FY14-15 budget year to hire a consultant to design realignment options. In FY15-16, the City spent \$140,000 to purchase the house at 3200S and SR-165 for right-of-way for a potential future realignment. The remaining approximately \$26,000+ in funds from the original grant, plus about \$13,000 in required matching funds from the City, were available to be used to begin design of the realignment. The City hired CRS Engineers in 2016 to complete the initial design of the intersection. Preliminary work has been completed by the consultant engineer. However, due to other developments occurring in the City, other transportation projects are becoming higher priorities and it is being proposed that this realignment project be put on hold at 35-Design Completion in order to allow the City to focus on other priorities.

One of these potential priorities is 1200 West. With the potential development of two projects near 1200 W/1000W and 2200 S, it is probable that 1200 West will soon be fully connected from Hyrum to 1000 W in Logan. This potential near-future connection has the potential to bring significant amounts of traffic to 1200 W through Nibley. Unfortunately, 1200 W is currently not complete along this route, with several sections only being paved at half-width and with its intersection with 3200 S being offset and in need of realignment. It is proposed that a design and construction project be undertaken to correct these deficiencies as soon as possible in order to address the deficiencies before the road is completely connected.

In the 2011 Transportation Master Plan, the 3200 S/SR165 realignment was listed as the City’s highest transportation priority. The realignment of 1200 W and addressing whether or not 1200 W should be used as a truck route were addressed in the plan, but were not expected to be a priority this soon. However, due to the pending developments, it appears that improving 1200 W is now a critical priority. The Transportation Master Plan is expected to be updated this year, during which process the 1200 W issue will be addressed in more detail.

45-40-73 Sidewalk 2600 S – This account reflects the now-complete sidewalk project on 2600 S west of SR165 that was funded in FY 16-17.

45-40-734 Street Maintenance – Moved from 10-60-610 Pavement Maintenance funds. In the FY 14-15 Budget, \$225,000 was budgeted for pavement maintenance, which included \$155,000 that came from State gas tax funds and \$70,000 that came from the city’s general fund. \$70,000 was budgeted in this account last year and this year to show the City’s general fund contribution. The gas tax funds are now being tracked in fund 11, which is called classic Road Funds. Based on changes with the state gas tax that were approved by the legislature in 2015, there are tracking requirements for these funds, which is why these accounts are separate. The City is required to continue spending at least as much in general fund dollars on this maintenance as was budgeted in 2015. The City cannot decrease its contribution now that gas tax revenue will be increasing. See 11-40-650 in Class C Roads for a list of projects planned for this year.

45-40-735 Public Works/City Hall Remodels - Funds allocated to remodel the public works building to include; new flooring, new signage, new dividing wall, new roof, etc. Individual jobs and or projects are to be contracted out. Also includes funds to repair crumbling stone wall at City Hall.

45-40-736 Facilities Parking Lot Preservation – Funds allocated to establish and fund a maintenance program for City parking lots, in order to increase lot longevity. In FY 17-18 it is proposed to apply preservation treatment to approximately 25,000 sf at the public works yard. This is anticipated to cost \$6,000, which will be shared between the Capital Projects, Water, Sewer and Stormwater Departments.

45-40-737 Master Plans – Funds allocated to update and maintain the master plans for the City. This year, the City plans to update the transportation master plan, which was last updated in 2011, and to complete an update to the City’s land development codes.

45-40-738 Zollinger Acres Half Road – Due to wetland issues, the City’s portion of 1380 West was not able to be paved at the same time as the developer paved his half of the road. This project is no longer being proposed at this time. Staff proposed that the road be revisited at the time the City’s adjacent park property is developed.

45-40-739 Nibley Park Bldg. Upgrades – Funds allocated to update and remodel the Old City Hall at Nibley Park, as approved in the current parks master plan for rental and recreation programs. The funds are being carried over to this fiscal year to complete the project.

45-40-740 Splash Pad – In FY 2016-17, \$100,000 was appropriated in the Capital Projects budget to construct a splash pad as an amenity at one of the City parks. That project is instead being proposed in this budget to be funded primarily by Park Impact Fee funds. See **56-40-754**. The amount still shown in this fund is the amount received in grant funds from Wells Fargo Bank that was granted for this project.

45-40-741 Trail Construction – This account reflects funds allocated in FY 16-17 for a trail to be constructed along the east side of the Blacksmith Fork River next to Ridgeline High School. City staff obtained a CMAQ grant in the amount of \$372,000 to construct the trail. That grant requires a \$28,000 match from the city. UDOT contracted to have the trail built, so the grant funds will be handled by UDOT and will not need to be accounted for in the City budget, other than the City’s match, which was paid in FY 16-17.

45-40-742 Capital Equipment – Funds are budgeted this year for a mower with snowblower (\$76,000) and a new parks utility vehicle (\$30,000) and a new backhoe for the streets and parks departments (\$90,000). The mower would significantly cut mowing time, possibly by as much as 80%. See Parks Department for more information on the mower/blower and utility vehicle.

45-40-743 Sidewalk Projects – Funds allocated to connect missing links in the City’s sidewalk network. This account is anticipated to fund a different portion of missing links in the network each year. The segment being considered this year for completion is the remaining sidewalk segments at the disc golf park. The next priority would be sidewalk gaps on 3200 South.

45-40-745 River Repair – Funds allocated in order to maintain the improvements made in the Blacksmith Fork River restoration project and to repair damage that occurs during heavy river flows.

45-40-746 Trail ROW & Development – Funds allocated to purchase Right-of-Way for and construct future trails projects.

45-40-747 ROW Acquisition – Funds allocated to purchase Right-of-Way for future roads projects.

45-40-748 Handicap Accessible Doors City Hall – Funds allocated to install handicap accessible door openers on the front doors at city hall.

Water Department

Water

2016-2017 Department Accomplishments

- Connected new and existing water lines in the City by installing pipe in the following areas:
 - 2000' of 12" pipe on 640 West from 3480 S to 3200 S, replacing 4 water services along the way
 - Tie in of 3480 S and 3440 S to 640 W line
- Installed 1700 feet of conduit for power to new well
- Installed 8" sleeve and 2" water service on the east side of the Highway 165 and 2600 South intersection.
 - This will allow the City to provide water service to the City property around Ridgeline High School.

2017-18 Department Goals

- Replace 400' of 8" pipe on 2900 South
 - This includes replacing 4 water services along 2900 South, installing 3 new water valves and a fire hydrant.
- Install and repair meters
- Collect, monitor and report required monthly and yearly water samples
- Fix water leaks as they arise
- Attend continuing education training and conferences, as needed, to maintain water system certification
- Set up cross connection prevention system to prevent water contamination

PROJECT PRIORITIZATION

Projects listed with a GL number are budgeted for this year, from the Water Department budget. Project explanations may be found in the budget notes for the listed GL account.

- 51-40-746 Complete construction of pump house for new well
- 51-40-746 Install Pressure Reducing Station for new well and telemetry
- 51-40-515 Develop a plan for addressing Yeates Spring
- 51-40-250 2900 South Waterline upsize
- Future Project 2 or 3 Million Gallon storage tank – approximately 2022
- Future Project Construct 1200 West well – approximately 2026

Total Utility Fund Revenues		\$1,633,891	\$606,859	\$(1,027,032)	\$1,398,700

51-36-610 Interest earned – Revenue generated from interest earned on all fund balances of money held in interest bearing accounts. This is apportioned out once per year at the end of the fiscal year to each of the individual funds based on the percentage of the total fund balance.

51-36-686 Reimbursement for Damage – Anticipated revenue from insurance settlement from spring contamination.

51-36-690 Sale of Assets – Revenue generated from the sale of surplus equipment. It is anticipated that the front end loader will be sold for \$120,000, which will be split between the Water and Sewer Departments.

51-36-692 Water Share Rents – Revenue generated for water shares the city is not using but is instead renting out to residents.

51-36-694 Water Valve Collar Fees – Revenue generated from fees developers pay to reimburse the City for work done by Public Works staff to align water valve collars after construction.

51-37-601 Appropriate Fund Balance – This account is used to allocate funds from the existing fund balance.

51-37-610 Interest earned – Revenue generated from interest earned on all fund balances of money held in interest bearing accounts. This is apportioned out once per year at the end of the fiscal year to each of the individual funds based on the percentage of the total fund balance.

51-37-710 Water Service Fees – These funds are fees paid by utility users for water use. The projected amount is based on projected sales and on past year collections. Nibley City’s water fee schedule will be updated this year in order to comply with S.B. 28, which requires the establishment of an increasing rate structure for culinary water. Based on how that fee schedule is structured, the revenue in this account could change. The City Council would need to adopt the new schedule when it is proposed.

51-37-750 Connection Fee – Revenue generated from a \$700 connection fee to install a water meter. Budgeting \$35,000 based on 50 new houses.

51-37-780 Penalties – Revenue generated for late bill payment fees.

51-37-792 Trans from Impact Fee fund – No transfer is proposed this year

Water Expenditures

51-40-110 Salaries – Funds allocated for 50% of three full-time employees: water superintendent, 2 water employees. The other half of their wages are paid through the sewer department. A 2% COLA is being proposed for employees.

51-40-130 Employee Benefits – Funds allocated are based on premium/contribution changes and increases related to salary changes. Funds include costs for Medicare, Social Security, the Utah Retirement System, and telephone/data allowances.

51-40-230 Education, Training, & Travel – Funds allocated for hotel costs, mileage, and per diem. Funds are also included for registration fees for conferences and continuing education, as well as for license and certification fees.

51-40-240 Office supplies – This account has been moved/combined to the Public Works account 10-48-240.

51-40-247 Uniforms – This account has been combined with the Public Works account 10-48-247.

51-40-249 Water Meters – Funds allocated for purchasing new meters.

51-40-250 Maintenance/Equipment – Funds allocated for repairing and maintaining the water system.

51-40-270 Utilities – Funds allocated for electric utility charges for well pumps.

51-40-280 Telephone – This account has been combined with the Employee Benefits account 10-48-130.

51-40-300 Dues and Membership – Funds allocated for professional memberships and dues: American Public Works Association and Rural Water Association (50% Water/50% Sewer).

51-40-310 Professional Services – Funds allocated for professional services other than legal or engineering. The City is working with an outside consultant to do an analysis of the City's water rights.

51-40-330 Education & Training – This account has been combined with account 51-40-230.

51-40-335 Water Share Assessments – Funds allocated to pay for the City's water shares: Millville Irrigation Co., Nibley Blacksmith Fork Irrigation Co., College Irrigation Co, Clear Creek Irrigation Co, and Providence/Logan Irrigation Co.

51-40-370 Work Order Software – This account has been moved to software 10-50-370.

51-40-442 Water Testing – Funds allocated for monthly state-required safety testing of culinary water.

51-40-443 Water Shares – This account is used to allocate funds to purchase new water shares that might become available.

51-40-514 Engineering – Funds allocated for engineering costs for water-related projects.

51-40-515 Emergency Expense – Funds allocated for repair or mitigation of the contaminated Yeates Spring. Funds also include looking at other options such as moving the water right to another location and engineering and legal reviews of other options. Additional funds have also been allocated this year for any unforeseen costs due to an emergency.

51-40-730 Capital Outlay Improvements – In FY 17-18 it is proposed to apply preservation treatment to approximately 25,000 sf at the public works yard. This is anticipated to cost \$6,000, which will be shared between the Capital Projects, Water, Sewer and Stormwater Departments. This account also includes \$25,000 for water line upsizes necessitated by new developments.

51-40-740 Capital Outlay Equipment – Funds allocated for the replacement of the front-end loader (half of \$130,000), 50% Water Dept/50% Sewer Dept, and to replace a backhoe for \$90,000.

51-40-746 Well Construction – Funds allocated are as follows; \$515,000 from water department, in addition to \$285,000 from Water Impact Fees, to finalize the construction of the new well on 640 West.

51-40-810 Debt Service Principal– Funds allocated toward principal on debt service on the water bond. The original debt amount was \$850,000, which was borrowed in 2012. Debt service amounts have been updated based on the current year payment amount and are reflected in the charts below.

51-40-820 Debt Service Interest – Funds allocated based on interest on debt service on water bond at \$850,000.

51-40-910 Admin Charge to General Fund – Funds transferred to the General Fund based upon Water Department expenses that are incurred through the General Fund.

Sewer Department

Sewer Department

Because of its relatively young age, the Nibley City sewer system has lower maintenance costs than what might otherwise be expected. The majority of the Sewer department's maintenance budget is spent on cleaning and video inspections of the system in order to maintain its efficient operations.

Sewer Department Accomplishments 2016-2017:

- Identified and repaired approximately 20 gallons per minute of ground water leaks, equating to about \$20,000 annually in treatment costs to Logan City, which no longer have to be paid
- Installed power monitoring equipment on pumps at Hansen Lift Station
- Improved communications at Scott Farm Lift Station

Sewer Department goals for FY17-18:

- Purchasing a truck primarily for the use of the Sewer Department.
- Purchase a new front-end loader. The cost will be equally shared with the Sewer and Capital Projects Departments
- Purchase a Vac-Truck to assist in emergencies and maintenance
- Repair 3rd pump rail in Hansen Lift Station.

PROJECT PRIORITIZATION **Projects listed with a GL number are budgeted for this year. Those without a GL number are future projects. Project explanations may be found in the budget notes for the listed GL account.**

- 52-72-740 Purchase new truck
- 52-72-740 Purchase ½ loader and Vac Truck

52-38-550 Millville Maintenance – Revenue generated from charges Nibley will levy upon Millville for maintenance of the sewer system for wastewater from the new High School.

52-38-601 Appropriate Fund Balance – This account is used to appropriate funds from the sewer fund balance to be used in the current year. These funds are being appropriated to be used for equipment purchases.

52-38-610 Interest – Revenue generated from interest earned on all fund balances of money held in interest bearing accounts. This is apportioned out once per year at the end of the fiscal year to each of the individual funds based on the percentage of the total fund balance.

52-38-690 Sale of Assets – Revenue generated from the sale of surplus equipment. It is anticipated that two backhoes will be sold as surplus this year, one from the streets department and one from the sewer department, which are each anticipated to generate \$46,000 in revenue. The front end loader will also be sold for \$120,000, which will be split between the Water and Sewer Departments. A pickup truck is anticipated to also be sold for approximately \$34,000.

52-38-694 Sewer Manhole Collar Fee – This account has been combined with 10-60-260.

52-38-710 Sewer Service Fees – Revenue generated from sewer service fees; approximately \$1,000,000 for next year based on actual receipts from 2016 and growth in housing. This revenue amount does not reflect a rate increase for Nibley utility users at this time. However, such an increase is being considered in the next fiscal year because Logan City has increased the sewer treatment fee by 10%, which begins July 1, 2017. A revenue increase will result in additional revenue if Nibley adopts an increase in the sewer rate. The increased rate being charged by Logan City increases by 10% each July 1st beginning in 2017 and continuing through 2021. The sewer fee Nibley City charges residents is currently \$42 per month. Approximately \$12 of this fee is paid to Logan City for treatment. The fee paid to Logan City is increasing due to the cost of constructing a new treatment facility. The remainder of the fee Nibley charges is used for department operations and debt service on the loan that was taken out to construct the original sewer system. Zion's

Bank is in the process of completing a sewer rate study and will propose a sewer rate based on the study's findings.

SEWER EXPENDITURES

52-72-110 Salaries – Funds allocated for 50% of three full-time employees; sewer superintendent, two sewer employees. The other half of their wages are paid through the water department. A 2% COLA is being proposed for employees.

52-72-130 Employee Benefits – Funds allocated are based on premium/contribution changes and increases related to salary changes. Funds include costs for Medicare, Social Security, the Utah Retirement System, and telephone/data allowances.

52-72-230 Education, Training, & Travel – Funds allocated for hotel costs, mileage, and per diem. Funds also included for registration fees for conferences and continuing education, as well as for license and certification fees.

52-72-250 Maintenance – Funds allocated for repairs on the sewer system.

52-72-260 Sewer Cleaning & Inspection – Funds allocated for cleaning and visually inspecting the sewer system. 1/3 of the system will be cleaned each year, so the entire system is cleaned every 3 years. The goal is to make the system safer and more efficient and to prolong the life of the infrastructure. This will also allow the public works department to identify potential problems that need to be addressed.

52-72-270 Utilities – Funds allocated for electricity costs for sewer lift stations pumps.

52-72-275 Wastewater Treatment – Funds paid to Logan City for treatment of the wastewater. Logan City has increased the sewer treatment fee beginning in July of 2017, which will result in additional expenditures for sewer fees.

52-72-280 Telephone – This account has been combined with the Employee Benefits account 52-72-280.

52-72-300 Dues & Memberships – Funds allocated for 50% of professional memberships in American Public Works Association and Rural Water Association, the other 50% is taken from the sewer dept.

52-72-311 Legal – Funds allocated for services performed by the City Attorney relating to sewer department.

52-72-330 Education and Training – Combined with account 52-72-230.

52-72-400 Department Expenditures – Funds allocated covering a variety of general department expenditures which include the sewer lift station.

52-72-514 Engineering – Funds allocated for fees charged by the City engineers relating to sewer department.

10-60-515 Emergency Expense – Funds allocated for any unforeseen costs due to an emergency.

52-72-636 Sewer Reserve Fund – These funds are transferred to a separate account to be held for future capital project needs.

52-72-730 Capital Outlay Improvements – In FY 17-18 it is proposed to apply preservation treatment to approximately 25,000 sf at the public works yard. This is anticipated to cost \$6,000, which will be shared between the Capital Projects, Water, Sewer and Stormwater Departments.

52-72-740 Capital Outlay Equipment – The Sewer department needs to purchase a pickup truck (\$44,000), a Vac Truck (\$150,000) and will replace the backhoe (\$90,000) and front end loader (half of \$130,000).

52-72-810 Debt Service- Principal – This is the portion of the payment on the sewer bond that is paid out of the sewer utility fund. Additional payments are made from the sewer impact fee fund. See 57-40-810 for reference. The city has been making additional payments on this debt to retire the debt early. This is an interest-free loan.

52-72-910 Admin Charge to General Fund – Funds transferred to the General Fund based upon Sewer Department expenses that are incurred through the General Fund.

Stormwater Department

STORMWATER

Stormwater Department Accomplishments 2016-2017:

- Completed Stormwater Management Plan and submitted to state.

Storm Water Department Goals 2017-2018

- Design and construct an emergency overflow for Hideaway Estates retention pond
- Design an emergency overflow for Maple Valley retention pond
- Contract for cleaning the storm water system similar to what is done with the sewer system
 - This will ensure that the City remains compliant with the new State of Utah MS4 permit.
- Perform site inspections, pre-construction reviews and the update to problem areas in the storm water system.
- Design and construct stormwater crossings under 3200 south at 1350 West and 1500 West
- Design and construct stormwater pipe in 2600 South 600 to 550 West box
- Develop LID Design Guidelines
- Purchase a new street sweeper and sell the old sweeper as surplus
